Internet Access:

To view the meeting and provide live oral testimony during the meeting, please use the link shown on page 1 of this agenda. You will be asked to enter your name in order to access the meeting as an attendee. We request that you enter your full name, but you may use a pseudonym or other identifier if you wish to remain anonymous. You will also be asked for an email address. You may fill in this field with any entry in an email format, e.g., *****@***mail.com.

As an attendee, your microphone will be automatically muted during the meeting unless you are providing testimony. For each agenda item you wish to testify on, please click the "Raise Hand" button found on your Zoom screen. Board staff will individually enable each testifier to unmute their microphone. When recognized by the Board Chair, please unmute your microphone before speaking and mute your microphone after you finish speaking in order to prevent audio feedback. When testifying, you will be asked to identify yourself and the organization, if any, that you represent.

Telephone Access:

If you cannot get internet access, you may get audio-only access by calling the Zoom telephone number listed on page 1 of this agenda.

Upon dialing the number, you will be prompted to enter the Meeting ID which is also listed on page 1 of this agenda. After entering the Meeting ID, you will be asked to either enter your panelist number or wait to be admitted into the meeting. You will not have a panelist number, so please wait until you are admitted into the meeting.

When the Board Chair asks for public testimony, you may indicate you want to testify by entering "*" and then "9" on your telephone's keypad. After entering "*" and then "9", a voice prompt will let you know that the host of the meeting has been notified. When recognized by the Board Chair, you may unmute yourself by pressing "*" and then "6" on

your telephone. A voice prompt will let you know that you are unmuted. Once you are finished speaking, please enter “*” and then “6” again to mute yourself.

If you need an auxiliary aid/service or other accommodation due to a disability, contact Ms. Faustine Edge at 808-327-9585 or faustine.x.edge@hawaii.gov as soon as possible, preferably three (3) working days prior to the meeting so arrangements can be made. If a response is received three (3) working days or less before the meeting, we will try to obtain the auxiliary aid/service or accommodation, but we cannot guarantee that the request will be fulfilled. Upon request, this notice is available in alternate formats such as large print, Braille, or electronic copy.

The next NELHA Board of Directors meeting is currently scheduled for Tuesday July 15, 2025.

Discussion and Decision Making
regarding Symbrosia, Inc. Request for
Rent Adjustment

Agenda Item 6.a.

Request for Rent Adjustment for Symbrosia Sublease K-41

Request Submitted to NELHA on April 30, 2025

DATE: May 20, 2025

A. SUMMARY AND REQUEST

Symbrosia, Inc. (Symbrosia) is requesting that NELHA provide a reduced rent for a longer period than was originally agreed upon, specifically until a County building permit is obtained allowing for construction to begin.

B. BACKGROUND AND DISCUSSION

Sublease K-41 Lease Specifics (see Attachment 2 for location):

<i>LEASE TYPE</i>	Sublease
<i>LESSEE</i>	Symbrosia, Inc.
<i>LEASE NUMBER</i>	K-41
<i>SUPPLEMENTAL</i>	Supplemental No. 1 dated 11/27/2024 adjusted the space under lease based on the finalized land survey.
<i>ACREAGE</i>	Gross: 15.137 acres. Net: 14.893 acres
<i>SUBLEASE TERM</i>	30 years starting January 1, 2024, through December 31, 2053.
<i>PROJECT DESCRIPTION</i>	Seaweed feed additive for cattle for methane reduction.
<i>RENTAL FEES</i>	Increasing fee over first year escalating from \$150/acre/month for 1 st 6 months to \$250/acre/month for the following 6 months. Current fee is \$357.17/acre/month with annual CPI increases. Percentage Rent is 2.5% of gross receipts.
<i>REOPENING</i>	Every 10 th year.
<i>NEXT REOPENING DATE</i>	01/01/2034.
<i>ASSIGNMENT HISTORY</i>	None.

Symbrosia was one of HATCH's first cohort companies in 2019 and has had a presence at HOST Park since then. The startup aims to cultivate *Asparagopsis taxiformis*, known in Hawaii as limu kohu, for the purpose of producing a feed additive for cattle and other ruminants to reduce their methane production by over 80%. The company has

continued its R&D and commercialization work at HOST Park since the 2019 accelerator, first in the Makai Research Campus, followed by other locations as they partnered with other HOST Park clients. Symbrosia is currently subletting space and offices at Sea Salts of Hawaii while a commercial production facility is built on the 15-acre parcel which they started subleasing on January 2024 under Sublease K-41.

In the business plan presented to the NELHA Board in September 2023, Symbrosia was aiming to complete and start production within one year. The business plan approved by the Board in 2023 and made a part of the sublease was also planning for a \$30M USDA loan to build the facility which was expected to be commissioned July 2024. Sales in 2025 were projected to be \$4.5M.

While significant progress has been made, Symbrosia has also experienced delays, mostly regarding the start of construction of the commercial facility. Symbrosia has replaced their part time Construction Manager with a full-time person and has hired a local architectural firm which has started work but the planning and build out of the facility has taken longer than expected. Symbrosia has not yet submitted for permits, which are likely to take at least 9 months for approval once they are submitted.

NELHA had provided Symbrosia with a one-year rent fee escalation to assist with ramp up. For the first 6 months of the sublease term, Symbrosia paid \$150/acre/month; for the second 6 months Symbrosia paid \$250/acre/month. Symbrosia is currently paying the full rate (\$357.17/acre/month). Symbrosia has requested reduced rate until a building permit is obtained. It is suggested that \$150/acre/month rate be extended until a building permit is provided by the County. The formal request letter and other submittals are provided under Attachment 1.

While Symbrosia produces and sells out of their current R&D site, revenue is still minimal. The company has also experienced setbacks on the R&D side as federal grants have been placed on hold. This has resulted in employee layoffs, reducing the workforce by approximately 20%. The current investment environment is also not ideal for fundraising, particularly in Symbrosia's sector.

Significant progress has been achieved to secure a USDA \$36.5M loan (see application and April 2025 letter announcing approval for Phase II of the application process in Attachment 1). Symbrosia has also hired an architect and preliminary site plans are completed.

Symbrosia continues to be committed to build out at HOST Park and providing employment opportunities to West Hawaii. The company has a financial and scaling strategy to achieve this goal while managing risks and current challenges. The facility design is modular providing the opportunity to build out in phases.

As is typical with startups, the initial planned timeline was very aggressive. Other projects have taken up to two years to complete their Phase I facility buildouts. It would therefore be reasonable to provide additional time at a reduced rent to increase Symbrosia's chances of success. At the same time, it is also reasonable to provide an upper limit to make sure that there is an incentive to make continued progress. If continued and excessive delays are caused by the County processes, the rate can be reviewed again after two years and further adjustments may be considered if warranted.

A draft Supplemental has been prepared and reviewed by both the client and NELHA AG. This draft supplemental is provided as Attachment 3. If the full two years rent reduction are utilized, the resulting revenue reduction to NELHA will be on the order of \$38,500.

Rent deferral considered but more appropriate to adjust given circumstances.

C. NELHA STAFF RECOMMENDATION

Staff recommends that the NELHA Board grant approval to adjust rent fee for sublease K-41 to allow for a longer period for ramp up. Staff recommends the return to the rate of \$150/acre/month starting on the effective date of Supplemental No.2 and until a permit to start construction is obtained or 2 years have passed since the Supplemental effective date, whichever is sooner. NELHA staff will work with NELHA AG to finalize and execute the documents to reflect the assignment.

NATURAL ENERGY LABORATORY OF HAWAII AUTHORITY

SYMBROSIA, INC.
SUPPLEMENTAL AGREEMENT NO. 2
TO MODIFY SUBLEASE NO. K-41
DATED December 18th, 2023

THIS SUPPLEMENTAL AGREEMENT NO. 2, made and entered into as of _____ day of _____, but effective as of _____ 2025, by and between the NATURAL ENERGY LABORATORY OF HAWAII AUTHORITY, STATE OF HAWAII, hereinafter referred to as “Sublessor,” and SYMBROSIA, INC, a Corporation under the laws of the State of Delaware, whose business and post office address is 73-4460 Queen Ka‘ahumanu Hwy. Suite #111 Kailua-Kona, Hawaii 96740, hereinafter referred to as “Sublessee”;

WITNESSETH:

WHEREAS, SYMBROSIA, INC., a Corporation under the laws of the State of Delaware, entered into that certain unrecorded SUBLEASE No. K-41 dated December 18, 2023, as amended by Supplemental No.1 dated November 27, 2024, with the NATURAL ENERGY LABORATORY OF HAWAII AUTHORITY, a body corporate and politic and an instrumentality and agency of the State of Hawaii organized pursuant to Hawaii Revised Statutes, Chapter 227D (as amended), as sublessor, covering 10 acres of land at Ooma 1st, North Kona, Island of Hawaii, County and State of Hawaii, herein referred to as the “Primary Agreement”;

WHEREAS, the parties hereto desire, among other things, to modify rental fees;

NOW, THEREFORE, IT IS MUTUALLY UNDERSTOOD AND AGREED that the sublease premises identification and sublease Paragraph 1.a of the Primary Agreement are hereby

modified, amended and changed by deleting the words enclosed in brackets, and adding the words in underlined boldface text to read as follows:

“1. Rental fees.

In consideration of the property and services provided by the Sublessor, Sublessee agrees to pay Sublessor:

a) Fixed rental fee.

A monthly fixed rental fee, calculated at THREE HUNDRED FIFTY-SEVEN AND 17/100 DOLLARS (\$357.17) per acre per month commencing on the 13th month of the sublease term for improved/unimproved lands, payable in advance, without notice or demand, on the first day of each and every month. The fixed rental fee shall be based upon the entire area of the parcel, gross acreage of 15.137 acres, as shown on the survey map attached hereto as Exhibit “C.” Based upon the net acreage of 14.893 acres as shown on Exhibit “C,” Sublessee shall pay a monthly fixed fee of TWO THOUSAND TWO HUNDRED AND THIRTY-THREE DOLLARS AND 95/100 (\$2,233.95) for the first 6 months of the sublease term, THREE THOUSAND SEVEN HUNDRED AND TWENTY-THREE DOLLARS AND 25/100 (\$3,723.25) for the following 6 months of the sublease term and FIVE THOUSAND THREE HUNDRED AND NINETEEN DOLLARS AND 33/100 (\$5,319.33) thereafter **and until May 20, 2025** (or “[] for the following 12 months [”]).

Starting May 21, 2025, and until a building permit is received from the County of Hawaii or May 20, 2027, whichever is soonest, Sublessee shall pay a monthly fixed fee of TWO THOUSAND TWO HUNDRED AND THIRTY-THREE DOLLARS AND 95/100 (\$2,233.95).

Commencing on the [25th] **42nd** month of the sublease term, the monthly rental fee shall be adjusted annually according to the published Hawaii CPI [for a period of eight (8) years following the commencement of this Sublease] **until the next reopening period date**. In the event that [that] the CPI declines, the rental fee shall remain the same as the previous year and shall not increase until cumulative CPI calculated as the sum of the declines plus subsequent gains become positive.”

IT IS FURTHER UNDERSTOOD AND AGREED that this Supplemental Agreement No. 2 is supplemental to the Primary Agreement and all terms, conditions and provisions of the Primary Agreement, unless specifically modified, amended, or changed herein, remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto have executed this Supplemental Agreement No. 2 effective the date indicated above.

Financial Report

NATURAL ENERGY LABORATORY OF HAWAII AUTHORITY

Financial Report Summary

July 2024 through April 2025

FY 2025 Revenue vs. FY 2024 Revenue: (See Appendix A for Details)

- Total revenue for the first ten months of FY25 was approximately \$4,418,000. This reflects a 3.7% increase over the same period last year. Of notice for FY25 are the following:
 - Overall, seawater system revenue is up by approximately \$82,600 or 6.6%. This is mainly due to an increase in deep sea water usage by Captura and Makai Ocean Engineering in the makai campus.
 - Research Campus outdoor space revenue increase by approximately \$39,000, mostly due to increased outdoor space rentals along with a small increase in office space revenue.
 - Percent rent reports were due by end of March and % rent revenue received was approximately \$47,000, an increase of 36.8% over last year.
 - Labor services remained lower than last year by approximately \$37,500 or 39% less than the same period last year. The bulk of this difference comes from a reduction in work requested by the Department of Health (a Kona coast water quality special study ended and a regular sampling project from Kauai has been on hold due to staffing shortages by DOH).
 - Electric reimbursements were somewhat stable but freshwater reimbursements were up by 26%.

FY 2025 Expenditure vs. FY 2024 Expenditure: (See Appendix B for details)

- Total expenses for the first ten months of fiscal year 2024 were approximately \$4,109,000, a 5.2% increase from last fiscal year. We continue to monitor expenditures very closely. Of note are the following:
 - Seawater system expenditures were up by approximately \$57,000 or 5.1%. Personnel costs were significantly lower than the same period last year due to vacancies, which have since been filled. But costs related to higher water usage such as electricity contributed to the higher sweater system expenses.
 - Total tenant utilities increased by 4.6% mostly due to higher freshwater usage.

Item 7. Financial Report Summary – May 20, 2025

- NELHA electrical usage increased by 35% to accommodate large water usage by several clients in the makai research campus. This was offset by less freshwater use so that total NELHA utilities increase was about 20%.
- HOST Park ground maintenance and monitoring decreased due to reduced personnel costs under the operations group as well as decreased purchase of supplies. Limited operations staff time has instead been diverted to the maintenance of the beach park.
- Environmental monitoring expenses increased by 10.2% as services have been engaged to address water quality concerns by hatcheries.
- Beach Park Maintenance increased by 32% as usage of the beach park continues to be high and requires increasing amounts of supplies and attention from our operations department.
- Administrative expenses increased by approximately \$126,300 (9.1%). This is large part due to increased personnel costs of approximately \$173,600 (or 15.9%) which was in part due to union mandated salary increases and the first tranche of hazard pay, offset by other admin expense areas decreases.

Special Fund Account Summary (See Appendix C for details)

- Special fund balance is \$776,716.99. As anticipated at the last Board meeting, the encumbrance for the 1-year security services and Kau pipeline removal contracts are now reflected on the balance.

Arrears Report: (See Appendix D for details)

- As of April 30, 2025, the arrears were \$86,277.73. These are listed in Appendix D and staff is addressing by working with the specific companies and situations.
